ARTICLE SUBMISSIONS

Regular feature articles for *Arborist News* address the needs of practicing arborists, experienced researchers, and green-industry contributors around the globe. To be considered for publication, articles must address a topic relevant to the arboricultural industry. Contributions will be considered in the following categories:

Feature Articles

Feature articles make up the main contents of the newsletter and can cover any topic relevant to arboriculture.

Continuing Education Articles

The Continuing Education section of *Arborist News* provides an article related to one of the subject domains of arborist certification and a 20-question Continuing Education quiz equal to 1 hour of continuing education credit. Continuing Education articles are between 2,000 and 3,000 words and include 3 to 5 images. Continuing Education articles must include 3 to 4 learning objectives and a 20-question quiz, which should be provided by the author after technical review.

Climbers' Corner

These short articles discuss topics specifically relevant to tree workers and climbers, from issues related to production arboriculture to recaps of climbing competitions.

Simply Safe

These short articles provide timely, applicable information regarding safety for tree workers and other arboriculture professionals. Simply Safe articles are designed to be shareable, such as at a crew safety briefing, and should promote a culture of safety in the industry.

Letters to the Editor

Arborist News welcomes letters that address the content of articles published in the newsletter within the last year.

Article Review

Acceptance for publication is based on both editorial criteria and technical review. All submitted articles are subject to review by members of the *Arborist News* editorial board and/or external subject matter experts.

Recommendations from reviewers will be provided to the authors by the Managing Editor. In some cases, a revised version of the article may be subject to a second round of review. Publication is contingent upon satisfactory revisions being made to the article based on editorial board feedback. All articles will be edited for brevity, clarity, and editorial style.

For more details on the articles above and to submit pieces, please reach out to: editor@isa-arbor.com.
